CANOPY INSTALLATION INSTRUCTIONS

2. MAKE SURE POWER IS DISCONNECTED!!
3. Attach washer to supporting member in ceiling sufficient to support weight of fixture.
4. Slip screw collar, prismatic cover and metal canopy over chain. Determine the suspension length of the fixture and cut chain, if necessary. Use two connecting links to attach chain to chandelier loop and ceiling loop.
5. Insert stem wire through chain and ceiling loop. Connect wires. Fixture MUST be grounded.
6. Check distance from ceiling to loop to assure canopy assembly will be flush against ceiling.
7. Attach canopy to ceiling with screw collar.

Frame Assembly Instructions

Installation:
Please read all instructions carefully.
Before you proceed to install, make sure.
that the power supply is turned off and
remains off until installation is complete.
please note that each part has been assigned a number.
please proceed in a numerical order.

1. Fix the crossbar (02) with chain (01) or junction box.
2. Fix the lamp body (03) on the crossbar (02) with crossbar bracket (04).
3. Make sure the positive and negative charges of wire and lamp body match correctly, screw the connect point with the junction cap.
4. Make sure the main wire is enough long and keep the rest wire in the 4″ J-box.
5. As the crystal pressing instruction, hang the crystal parts.

The end!
